

65 Million Years Ago

Red yellow eyes?
Who can tell?
Blue green skin
A particular smell

Big hip bones
Well the fossils show
You ruled the world
And you could grow!

Chorus

Spinning round in space
Our world was a different place
Giant monsters everywhere!

Dinosaurs – where are you?
Fossil bones are all that's left to show
Dinosaurs – what happened?
Sixty-five million years ago

Sharp white teeth
Colossal jaws
You moved around
On your three-toe claws

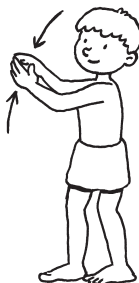

Chorus
